

MUHAMMAD ISMAIL

Frontend Developer

Karachi, Pakistan | ismail.hussainx0@gmail.com | ismailhussainx0.github.io/Portfolio-Website | github.com/ismailhussainx0 | linkedin.com/in/ismail-hussainx0

ABOUT ME

Motivated Frontend Developer from Karachi with hands-on experience building responsive websites using HTML, CSS, JavaScript, and Bootstrap. Currently enrolled in Aptech's ACCP Diploma program and actively seeking a frontend internship to gain real-world experience. I learn fast, take initiative, and consistently improve through building real projects.

SKILLS

HTML5 • CSS3 • JavaScript (ES6+) • Bootstrap 5 • Git • GitHub • Responsive Web Design

PROJECTS

Agency Website — ismailhussainx0.github.io/agency-website

- Modern responsive landing page with smooth scrolling navigation
- Scroll-triggered animations and dynamic stats counter using vanilla JavaScript
- Clean multi-section layout with fully responsive design on all devices

To-Do List App — ismailhussainx0.github.io/to-do-list

- Task management app with add, edit, delete, and completion toggle features
- Live task counter and persistent UI built with JavaScript DOM manipulation
- Responsive design using Bootstrap 5

Pricing Page — ismailhussainx0.github.io/pricing-page

- Responsive pricing section with multiple plan tiers and clean UI
- Built with HTML5, CSS3, and Bootstrap 5

Personal Portfolio Website — ismailhussainx0.github.io/Portfolio-Website

- Live portfolio showcasing all projects, skills, and contact information
- Fully responsive, built with HTML, CSS, JavaScript, and Bootstrap
